

**Announcement on call-for-paper: SEAGS-AGSSEA Journal**  
**DECEMBER 2018 Issue honouring Prof. Jian Hua Yin 2018**

**Announcement and invitation of call for abstracts and papers contributed to the ... Issue of SEAGS-AGSSEA Journal (2018)**

**Fundamental behavior of soils and soil-structural interfaces and applications to soft soil and slope engineering**

**Topics:**

- 1) Laboratory tests and constitutive modeling of the behavior of soils and soil-structural interfaces**
- 2) Physical and numerical modeling of geotechnical structures**
- 3) Landslides, debris flows, and slope stabilization**
- 4) Ground improvement**
- 5) Optical fibre sensors and field monitoring**
- 6) Geotechnical history and case studies;**
- 7) Others**

**For this Issue about 15. The following is the tentative schedule for this issue:**

- (1) Call for paper abstracts (June 2016 – June 2017)**
- (2) Full paper submission (on or before September 2017)**
- (3) Revision to and finalization of papers (before March 2018)**
- (4) Manuscripts ready for publication (June 2018)**
- (5) This Issue appears in December 2018**

**Journal is an open access, specialized, peer-reviewed, Journal for SEAGS:**

**(Southeast**

**Asian Geotechnical Society) & AGSSEA. (Association of Geotechnical Societies in**

**South East Asia) that focuses on research, development and application within the**

**fields of geotechnical engineering and technology. Published four times per year, it**

**tries to give its contribution for enhancement of research studies.**

**Contributions must be original, not previously or simultaneously published elsewhere.**

**Accepted papers are available freely with full-text content upon receiving the final versions, and will be indexed at major academic databases.**

- Papers should be written in English.**
- All articles are sent for blind peer review, with a fast and without delay review procedure (within approximately one month of submission).**
- Submitted papers should follow the format of the sample article attached.**
- Submissions are accepted via e-mail.**

**ABSTRACT:** Instruction for the preparation of the full papers for the Journal of the SEAGS and AGSSEA is presented. This template provides you with an example of the layout and style, which we wish you to adopt during the preparation of your paper. Please, make an abstract as short as possible (5~8 lines). Authors of papers to proceedings have to type these in a form suitable for direct photographic reproduction by the publisher. In order to ensure uniform style throughout the volume, all the papers have to be prepared strictly according to the instructions set below

**KEYWORDS:** Geocell reinforcement, Composite model, Flexible pavements, Parametric study
