

Kusakabe Issue: Announcement on call-for-papers June 2018

Announcement and invitation of call for abstracts and papers for June 2018 Issue of SEAGS-AGSSEA Journal

Theme:

Geotechnical Modelling and Laboratory and Field Tests, such as

1: Physical modelling 1 g and multiple g on centrifuge

2: Large Scale Field Tests

3: Shaking table and pressure chamber testing

4: Laboratory Tests

5: Foundations & Earth Structures

6: Coastal & Offshore Structures

6: others

For this Issue about 15 papers are envisaged .The following is the tentative schedule for this issue:

- (1) Call for paper abstracts (Month 2016 – December 2016)
- (2) Full paper submission (on or before March 2017)
- (3) Revision to and finalization of papers (before September 2017)
- (4) Manuscripts ready for publication (December 2017)
- (5) This special Issue appears in June 2018

The Journal is an open access, specialized, peer-reviewed, Journal for SEAGS: (Southeast

Asian Geotechnical Society) & AGSSEA. (Association of Geotechnical Societies in South East Asia) that focuses on research, development and application within the fields of geotechnical engineering and technology. Published four times per year. Contributions must be original, not previously or simultaneously published elsewhere.

Accepted papers are available freely with full-text content upon receiving the final

versions, and will be indexed at major academic databases.

- Papers should be written in English.
- The number of papers accepted is generally 15 but can be more depending on the quality.
- All articles are sent for blind peer review, with a fast and without delay review procedure (within approximately one month of submission).
- Submitted papers should follow the format of the sample article attached.
- Submissions are accepted via e-mail: please contact

ABSTRACT: Instruction for the preparation of the full papers for the Journal of the SEAGS and AGSSEA is presented. This template provides you with an example of the layout and style, which we wish you to adopt during the preparation of your paper. Please, make an abstract as short as possible (5~8 lines). Authors of papers to proceedings have to type these in a form suitable for direct photographic reproduction by the publisher. In order to ensure uniform style throughout the volume, all the papers have to be prepared strictly according to the instructions set below

KEYWORDS: Geocell reinforcement, Composite model, Flexible pavements, Parametric study

Correspondence author: A. First
