

Dr Leong Kam Weng's Biodata

Dr. Leong graduated with B.Eng (First Class Honour) in Civil Engineering from University of Malaya, Malaysia. He obtained his PhD from the National University of Singapore. He has more than 20 years of experience in Geotechnical Engineering. He has been active in the design and execution of Ground Improvement projects in South East Asia (ASEAN) for Keller like Universal Terminal and Exxon Mobil SPT projects. He is currently the Director of Keller Foundations (S.E.Asia) Pte Ltd and is heading the Ground Improvement business in ASEAN.

He is actively involved in promoting ground improvement in this region through seminars and conferences. He has delivered seminars pertaining to Ground Improvements in the region like the seminar '*Engineering A Sustainable Development: Role Played by Geotechnical Engineering*' in which was held in 4 major cities in the region in 2011 and seminar on '*Infrastructures in Soft Ground – Challenges and Solutions*' in Singapore.

He was in the organizing committee for *the International Symposium on Ground Improvement Technologies & Case Studies (ISGI09)*, *International Symposium on Advances in Ground Technology and Geo-Information (IS-AGTG) 2012*, *18th Southeast Asian Geotechnical Conference cum Inaugural AGSSEA Conference held in Singapore in May 2013* and the recent *International Conference of Soil Ground Engineering (ICSGE) 2015*.

He is a member of the Geotechnical Society of Singapore (GeoSS) since 2008 and served as committee member since 2012 and Vice President for 2014-15. He is the current President of GeoSS for 2016-17.
