

# Graduation All 27 UKRIM & 34th STTII Diploma, Undergraduate and Graduate

**Dr. Samuel Handali**

Civitas Academic Universitas Immanuel Christian (UKRIM) and the Indonesian Evangelical Theological College (STTII) held a graduation ceremony for Student / Student together, at 11.1 KM Solo road which was held at the campus chapel UKRIM and STTI Yogyakarta, Saturday (15/8). One of the goals of this event the merger is to increase synergies in improving family UKRIM & STTII. Civitas Academic, invited guests with enthusiasm in participating in this event to finish, the room chapel which contains up to more than 700 people have filled and flowing out.

Before the event started Civitas Academic process with continued opening of the Academic Senate hearing UKRIM open by the Rector, Dr. Samuel Handali, M.Eng. The event began with the singing Indonesia Raya and opening prayer by Dr. Sapparman, STM. Then praise together; Your Honor thy truth, O God the Father and followed by PSM UKRIM.

Graduation ceremony and handover begins with the reading of the Word of God by Dr. Eka Setyadi (WR Bid. Public Relations, Admissions and Alumni UKRIM) followed by praise together "The Lord is my protection." A message graduation ceremony was delivered by Professor of Petroleum Engineering Department, Institut Teknologi Bandung (ITB), Prof. Dr. ir. HP Septorano Siregar, DEA, Professor Siregar, who has served as Rector of Maranatha Christian University, Bandung, and never received an award as a Lecturer Exemplary of ITB Lecturer of National Model of the Ministry of Education and Culture, delivered the message to the graduates become Salt and Light in all aspects of their lives. Professor Siregar convey information about the development of the exploration and exploitation of sources of fossil-based energy in Indonesia, namely coal, gas and petroleum, and urged the graduates can be 'salt and light' for the community in managing fuel use, given the limited resources the energy-source. He also pushed for the graduates to participate in development efforts in the field of renewable energy, in the aspects of technology development and pemamfaatannya.

Next event is highly anticipated by the graduates and the guests in attendance was the submission of diploma by two agencies namely UKRIM and STTII from D3 study program to S3. SK readings and overall UKRIM report read out by Ir. Ign. Sutiyas Aja, MT (WR Academic). Pewisudaan overall UKRIM undertaken by UKRIM Rector, Dr. Samuel Handali, M.Eng and followed by graduation and delivery of certificates by the Dean and Vice Dean of the Faculty Academic each Each in turn. Overall Pewisudaan STTII conducted by the Rev. Dr. Sumbut Yermianto, M.Th, As chairman STTII. Graduation and Diploma delivery STTII done by the Chairman STTII, Kaprodi Theology S1, S2 Theology Program Chair, Program Chair S3 Theology and Faith Foundation Indonesia (Yii).

UKRIM can be proud, has successfully completed the 2733 graduates / wisudawati with a variety of existing courses, ie 4 and 8 Faculty Study program The study program S1 and S2. Year after year UKRIM increasingly able to compete with campuses in Indonesia, as evidenced by the increasing number of students and assets are always increasing. Number of graduates UKRIM this year 104 people, comprising 13 people (Christian education), 8 person (Music of the church), 12 (Economic Management), 5 (Accounting), 6 (Civil Engineering), 12 people (Physics), 40 (Computer Science) and 8 people, S2 Program (Christian education). Graduation this year including a very impressive graduation in which a graduating student with a 4.0 GPA UKRIM with a time of 4 years of study and a record high for the highest in the history UKRIM that achieved by Wulan Christian (Faculty of Economics Prodi manajemen).

Bachelor, holy, faithful is one motto of STTII and UKRIM. On this occasion STTII successfully mewisudakan 39 graduates consisted of 16 (Theology Program S1), 11 (Theology Program S2) and 12 (Theology Program S3). Best Student of S1 theology achieved by Judith Sagala.

One thing that is not forgotten by the Alumni is it Vision and mission About UKRIM the balance of the Faith and Science. Many alumni who have testified how strong values instilled for His glory. In the graduation ceremony this year Alumnus testimony brought UKRIM in Ir. Harjanto Nurya Hadi Widjaja, MM, Civil Engineering Alumnus UKRIM. He said that UKRIM has a Vision and Principles of the firm, such as; Balance Faith and Science, Integrity and Creativity, To Learn Is To Be. In short "One unforgettable lesson is their mentoring in small groups to strengthen the relationship of students and lecturers", this is one mission UKRIM very tough and different from the other campuses. Jayalah UKRIM, the Lord is with thee.
