

Prof. Suched Likitlersuang , DPhil.

Suched Likitlersuang
Deputy Head for Research Affairs

Academic Title

Professor
Geotechnical Engineering

Contact Information

fceslk@eng.chula.ac.th

CE Bldg. Rm 434

Phone: 0-2218-6343

Education

- DPhil. University of Oxford, United Kingdom (2004)
- MEng. Asian Institute of Technology (AIT), Thailand (2000)
- BEng. Chulalongkorn University, Thailand (1998)

Research

- Constitutive Modelling
- Stress-strain Characteristic of Soils
- Numerical Analysis
- Pavement Engineering
- Geotechnical Earthquake Engineering
- Geo-environmental Engineering
- Unsaturated Soil Mechanics
- Soil-bioengineering

Professional Experiences

- 2004 - present Department of Civil Engineering, Faculty of Engineering, Chulalongkorn University
- 2004 - present Technical Committee, Geotechnical Engineering Subcommittee, Engineering Institute of Thailand

Service in Professional Societies

- Thai Geotechnical Society (TGS)
- Engineering Institute of Thailand (EIT)
- International Society of Soil Mechanics and Geotechnical Engineering (ISSMGE)

Short Bio

Suched Likitlersuang graduated with a bachelor degree in civil engineering from Chulalongkorn University in 1998 and received a master in geotechnical engineering from Asian Institute of Technology in 2000. He attained a doctorate in civil engineering from the University of Oxford in 2004. Suched is currently a full professor at the Department of Civil Engineering, Chulalongkorn University. He is members of the Thai Geotechnical Society and the Engineering Institute of Thailand. He is also an Editorial Board member of Geotechnical Research and serves as a Guest Editor of the Southeast Asian Geotechnical Society Journal special issue for Thailand. Suched has published over 70 articles in international conference proceedings and international journals. His research interests include constitutive modelling for geomaterial and asphaltic concrete, stress-strain characteristic of soils, numerical analysis in geomechanics, geo-environments, geotechnical earthquake engineering and soil bioengineering.
