

**Wilailak Sramoon**

**Assistant Professor Civil Engineering, Faculty of Engineering  
Mahanakorn University of Technology, Bangkok, THAILAND**

**E-mail: wilailakk@gmail.com**

**Degree:**

1990-1994 : Bachelor in Civil Engineering,

Faculty of Engineering, Chiang Mai University, Chiang Mai, Thailand

1995-1997 : Master in Soil Engineering (Geotechnical Engineering) Asian Institute of Technology, Bangkok, Thailand

2000-2003 : Ph.D. in Soil Engineering, Nagaoka University of Technology, Nagaoka, Niigata, Japan

**Working Experience**

1994-1995 : Lecturer, Mahanakorn University of Technology

1994-1995 : Civil Engineer, Hexon Technology Co., Ltd.

1997-1998 : Researcher, Asian Institute of Technology

1998-2000 : GTE Laboratory Supervisor, Asian Institute of Technology

2003-Present : Lecturer, Mahanakorn University of Technology

**Position at Present**

: Lecturer,

: Associate Dean for Education Quality Assurance

**Research interests: Geotechnical Engineering**

I. Soil Properties and characterization of mechanical property: shear strength and soil stiffness,

II. Unsaturated soil behavior,

III. Soil test technique: both laboratory and in-situ test, IV. Ground improvement.
